Beloved Children:

Each Spring the Lords of Karma convene for the purpose of passing on the lifestreams who are to reincarnate within that year. This year, the convention took place in the early part of May - the souls applying for re-embodiment running into many many millions, due to the setting up of the purification temples in the psychic and astral realms, and the inhabitants of these realms being made acquainted with the necessity of fulfilling their Divine Plan on the earthplane before their eternal freedom can be attained.

This year, the convention of the Karmic Board attracted almost universal attention owing to the fiat issued by the Cosmic Law some two years ago that Sanat Kumara's exile on this planet is to come to an end at the completion of this current twenty-year period. Unfortunately, our fair Earth has become known among her sister planets and the neighboring stars and galaxies as the 'Dark Star'; the Intelligences evolving upon them being fully aware that this condition is due to the ignorance, as well as the indifference of the lifestreams evolving upon her.

The reason that I mention the other stars and galaxies is that the Celestial Hierarchy governing our Earth were amazed to discover that millions of lifestreams from other civilizations had applied to our Karmic Board for embodiment on the planet Earth this year, in the hope that the essence of

their innocence might be a contagion to the Earth people - that they might awaken to the seriousness of their condition is enough light is not forthcoming from the Earth to hold her place in the solar system.

These visiting souls are not entirely free; they are evolving on beautiful shining stars similar to Venus, and they are willing to take flesh bodies - submitting themselves to the laws governing the evolution of this backward planet in order to help its inhabitants, through precept and example, to fulfill their Divine Plan. In making this offer, they were fully and consciously aware of the fact that, by so doing, they might delay their own evolution indefinitely, depending upon their susceptibility to Earth conditions and the karma of the family, race and nation into which they would incarnate under the impersonal Karmic Law.

Think of the love that prompted the offer of that sublime sacrifice. There they stood - beautiful beings - tall, golden-haired and blue-eyed - all dressed in exquisite garments of soft pink, awaiting the decision of the Karmic Board. However, Justice and Mercy being the order of the New Day, the Board saw fit to accept only about one thousand of these beautiful beings who will be distributed here and there on the Earth's surface for its edification and enlightenment. The others returned to their various stars, followed by the loving benedictions of the entire assemblage.

Besides these loving volunteers, one hundred buddhas from other planets offered to incarnate this year. These are beings without karma, and have earned the right to enter what is loosely

named Nirvana. They are on a level of development with Lord Maitreya. One of these was gratefully accepted. Make your calls now for happy homes for these incoming souls, and do not neglect your petitions for the peaceful passing of the outgoing lifestreams.

Blessings and Love,

MAHA CHOHAN

Beloved Children:

The Convention of the Karmic Board, in early May, for the purpose of passing on the number and type of reincarnating souls for this year was one of intense interest, not only to the members of the Celestial Hierarchy who serve our planet, but to evolutions of neighboring stars and galaxies as well.

Since the fiat issued by the Cosmic Law about two years ago in which it allowed the planet Earth just twenty years to meet the demand for sufficient Light to warrant her being sustained as a member of the solar system, many petitions have been offered to the Karmic Board by both ascended and unascended beings requesting that no soul be allowed to re-embody who was not first willing to make a vow to life that it would use its energies, not only for the expansion of its own light, but also for the edification and upliftment of the whole race. The Board's decision was, therefore, anticipated with tremendous interest by everyone who had the interest of the planet at heart.

After the successful candidates had been gathered in one large body in the Halls of Karma, it was noted with surprise (if not disappointment) by the Assembly that more or less one third of the applicants passed through by the Board were what might be termed 'recalcitrant souls'. That is to say that they included in their number many who were indifferent, not only to the fate of the
